

Electrical Safety Matting 11kV Tested Fine Ribbed
Rubber Switchboard Matting - Working Volt Test 450v

Fully tested general-purpose safety matting.
High quality electrical rubber safety matting made to current standards.

Colour - Black

Hardness - 65 Shore

Density - 1.55

Elongation - 150%

Temperature Range - + 80/ - 20

Abrasion Resistance - 350mm³

Thickness - 6mm

Weight - 6.8kg (approx.)

Roll Sizes - 0.914 m x 10m

1m x 10m

1.2m x 10m

Safe from electrical shock.
Safety grip / Anti-slip properties.
Branding on reverse.
Hard wearing.
